Features

Industrial Doors

NoiseBarriers, LLC. is your turnkey provider for all sound control door needs.

- Guaranteed acoustic performance
- All doors are tested at Riverbank Laboratories, an independent NVLAP approved testing facility
- All hardware, seals and hinges are factory installed
- Door includes custom cam-lift hinge design, eliminating the need for a threshold in most applications
- Adjustable mortised bottom seal allows the door to adapt to site floor conditions
- Double magnetic seals at head and jambs
- Split-frame assembly allows installation into existing openings
- All doors with vision panels are factory glazed prior to shipment
- Designed to work with standard building hardware, factory installed if desired
- Ease of operation conforms to ADA
- Available in single-leaf, double-leaf and bi-fold designs
- Wood veneer finish available

All door and frame components are tested as a complete assembly prior to shipment.

4' x 8' STC 50 Single-Leaf Door with 4" x 25" ADA window and 3' x 8' filler panel.
Fond du Lac, WI

6' x 7' STC 52 Double-Leaf Door with 12" x 12" double glazed windows.
New York, NY
