

Noise Barriers is Pleased to Introduce QuietSwing EZ Open™ Doors

Libertyville, IL. – **June 16th, 2020**- Noise Barriers, a leading brand of metal noise control products serving the industrial and architectural markets, is excited to announce the launch of QuietSwing EZ Open™ Doors.

QuietSwing EZ Open™ Doors offer a custom designed compression seal that works in conjunction with our magnetic seal to reduce the push/pull force to less than 3lbs. This allows for little to no resistance when opening the door, while maintaining the acoustical excellence that is expected with Noise Barriers high performance acoustical doors.

EZ Open Seal Closeup

QuietSwing EZ Open™ Doors are available in STC 45,49,50 and 51 and are ideal for both new installations as well as retrofit upgrades on existing Noise Barriers doors.

“We are excited to offer this considerable improvement in our door seal design”, said John Finnegan, National Sales Manager for Noise Barriers. “This is a noteworthy step forward in our engineering approach and affords a strong competitive advantage for Noise Barriers.”

Former owner and founder of Noise Barriers, Steve Mitchell, will be hosting a short and informative webinar every Wednesday Starting June 17th at 3 pm Est to review the EZ Open Door features and benefits. Please visit noisebarriers.com and click on “**webinars**” to sign up for a time that works best for you
